

Used MultiDocker CH74D

MultiDocker CH74D

CAT 374D

Year model 2013

Weight ca 97 ton

Running hours ca 8000

Reach 23,1 meter

Boom 15,0 meter

Stick 10,6 meter

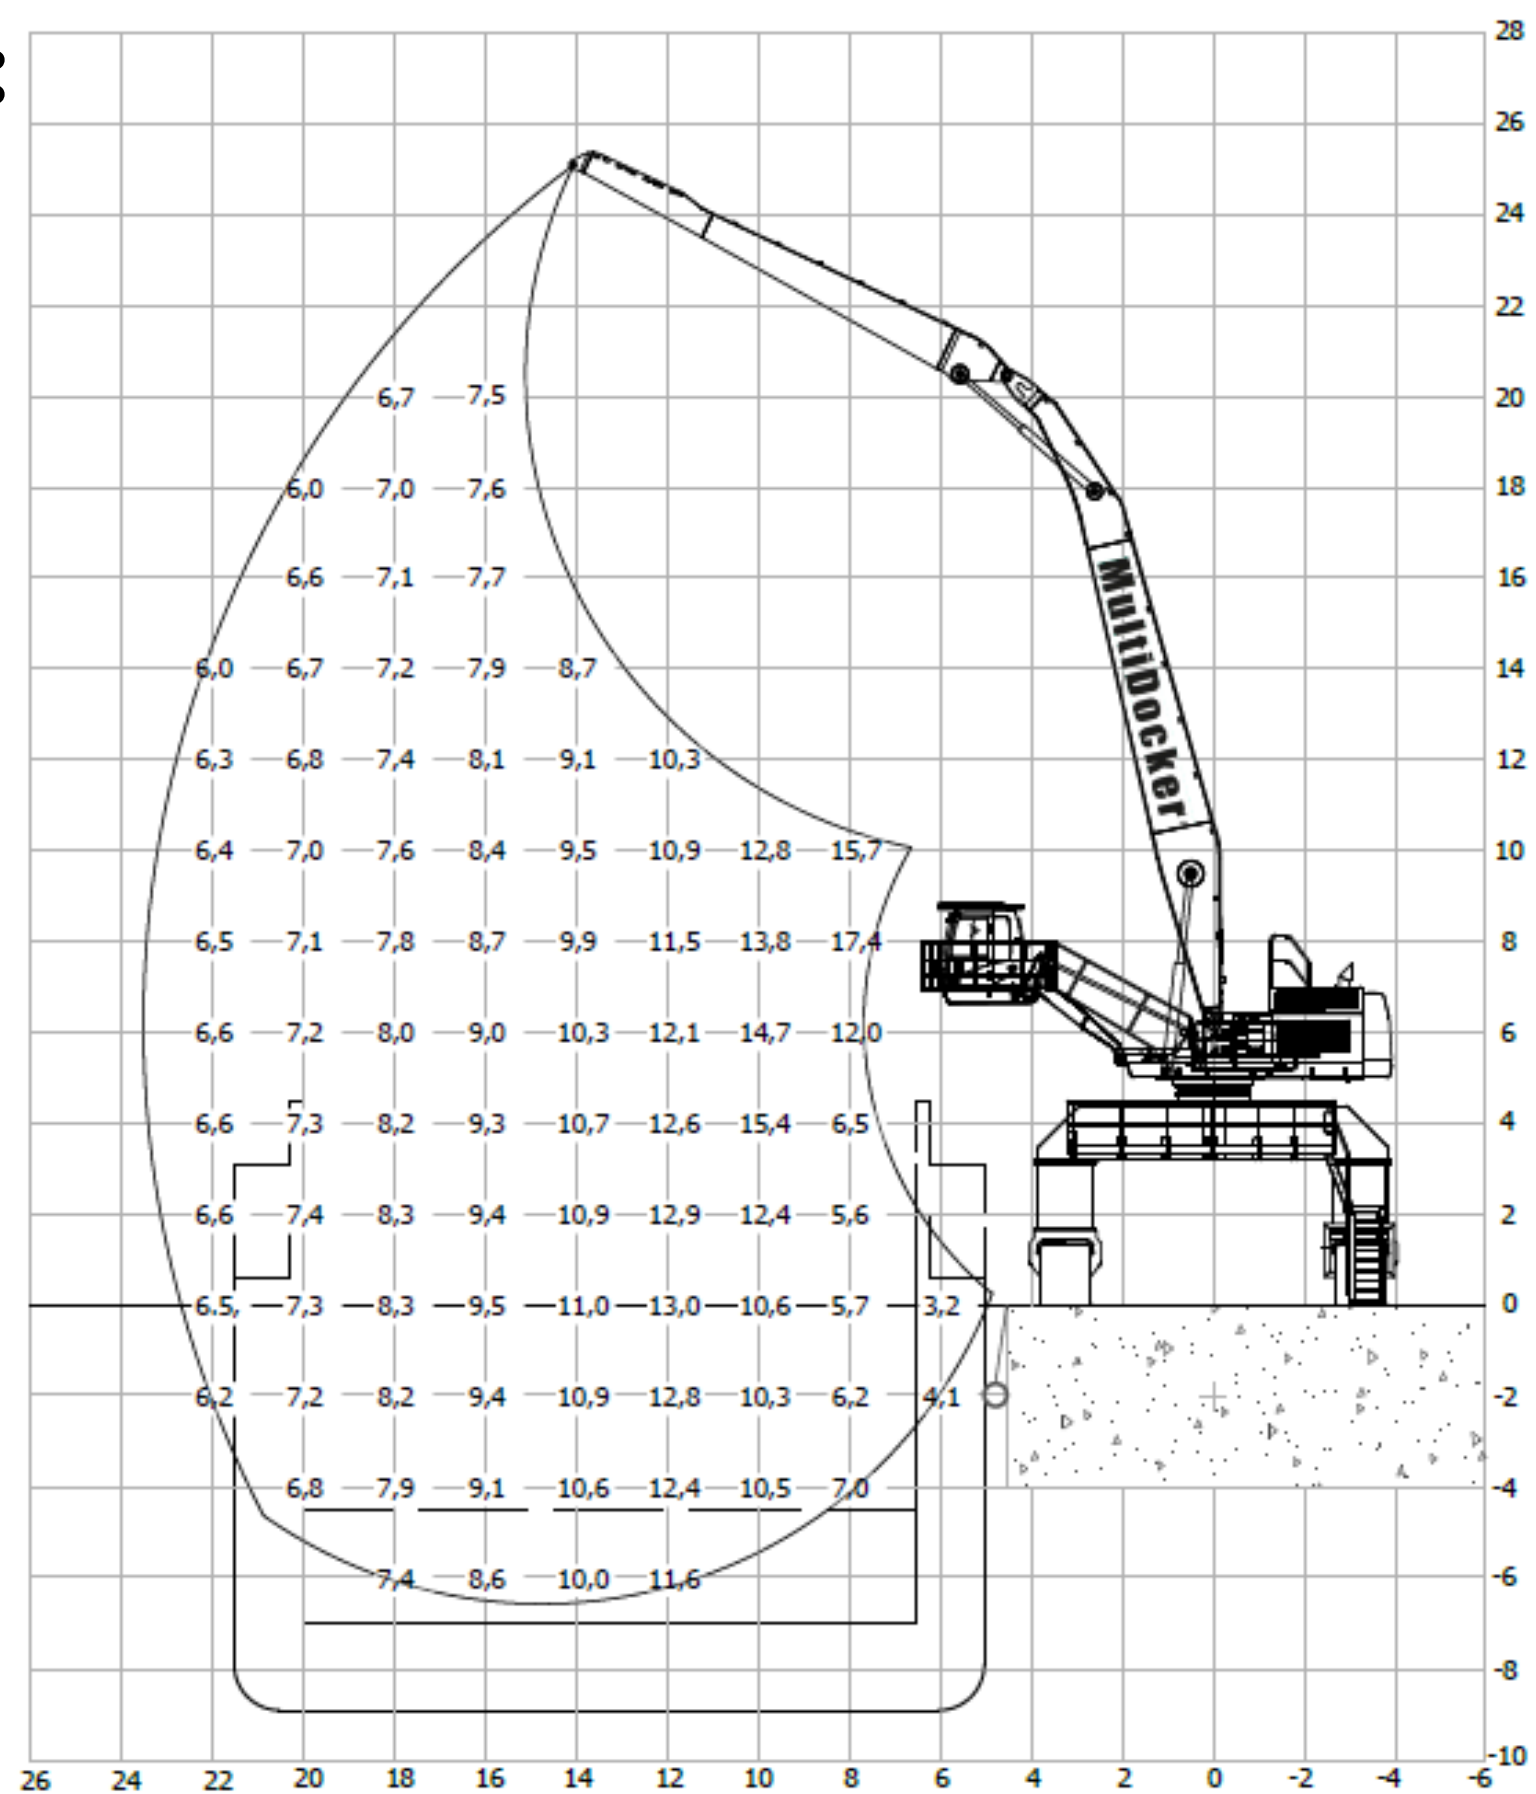

Hydraulic cab raiser MultiLift

Undercarriage raiser MG6000C

Price: On request

Lifting diagram:

Lifting capacity table, unit tonne = 1.000 kg
The lifting capacities are measured at 360° in the stick end-joint. The above values have been calculated in compliance with SS-EN 13001. They do not exceed 87% of the hydraulic lifting capacity or 75% of the tipping load, with the machine on firm, level ground.
